Control4®

SEDNA D SMART WATER LEAK DETECTOR WL4200-C4

PROTECT YOUR BELONGINGS
FROM WATER DAMAGE

The Sedna D smart water leak detector for Control4 notifies you as soon as a water leak or a temperature drop occurs. Quickly receive a notification via the Control4 app* allowing you to act in a short time before significant and costly damage occurs.**

Combine it with a Sinopé smart water valve for Control4 to close the main water supply as soon as a leak is detected.

Ideal for: house, cottage, multi-housing property managers and commercial buildings

WL4200-C4

* Required : Control4 4Sight subscription

** Required : Control4 controller

SMART WATER LEAK DETECTOR WL4200-C4

ADDED VALUE

- Accurately detects a minimum water level of 0.4 mm [0.015 inches].
- Battery powered for continuous operation
- Easy installation and fast connection
- Temperature sensor that warns you when a temperature drop occurs to avoid burst pipes
- Audible alarm alerts you even during power outages
- Connects to a Sinopé smart water valve or a compatible Zigbee gateway
- Can be combined with the Sinopé smart water valve to close the water inlet when a leak is detected
- 3-year warranty

TRANSMISSION

Zigbee 3.0 profile

Frequency: 2.4 GHz

Transmission power: +20 dBm

Receiver sensitivity: -108 dBm

OPERATION

- The smart water leak detector notifies you of the presence of a water leak as soon as it is detected.
- Audible alarm and notification via 4Sight* as soon as a water leak or a drop in temperature is detected or when the batteries are low.

* Requires the Control4 app and a 4Sight subscription
